

SUMMARY

- ✚ Restricted parking on Main, Boulder and Pine Streets will be in effect from November 1st to April 1st of each year.
- ✚ The Parking Plan calls for year round, time-restricted parking in front of:
 - Businesses located along the south-bound side of the 100 Block of Main Street;
 - Businesses located along the south-bound side of the 300 Block of Main Street; and,
 - North-bound side of the 400 Block of Main Street in front of St. Patrick' Church.
- ✚ The purpose of this time-restricted parking is two-fold:
 1. Enable better customer parking for guests of local businesses and St. Patrick's Church; and,
 2. Assist with Snow Removal and Street Maintenance.

Any questions, please contact Town Staff at (970) 827-5645.

Town of Minturn

Parking Plan:

- ✚ Facilitate Snow Removal
- ✚ Facilitate Street Maintenance
- ✚ Support Local Businesses/Church

2010-2011

ISSUES

Over the past two years, the Town's parking plan, which was implemented in 2008, has proven to be quite effective. When the streets are not impeded by parked vehicles, the Public Works staff can be faster and more efficient in the removal of snow.

One specific parking concern has been when vehicles park in front of local businesses or in front of St. Patrick's Church for an extended period of time, thus limiting parking for their customers or guests.

ACTION TAKEN

In August 2008, staff submitted a parking plan proposal to Town Council that addressed these issues. Town Council approved the plan, as submitted.

In addition, the plan, as it relates to parking along U.S. Highway 24, was submitted to the Colorado Department of Transportation (CDOT) in 2008 and was given final approval by that Department.

During the 2010-2011 Winter Season, there has been an adjustment made to the original parking plan in response to suggestions made by Minturn citizens and business owners. The adjustment pertains to the Downtown Business District parking from the 100 through the 400 Blocks of Main Street.

PARKING PLAN

The parking plan incorporates the following from November 1st to April 1st:

1. No parking along the north-bound lanes of the 100 through 400 Blocks of Main Street on Monday and Wednesday of each week between the hours of 9:00 a.m. and 2:00 p.m.,
2. No parking along the north-bound lanes of the 500 through 700 Blocks of Main Street, 200 Block of Boulder Street and the 200 through 500 Blocks of Pine Street on Monday and Wednesday each week between the hours of 9:00 a.m. and 4:00 p.m.;
3. No parking along the south-bound lanes of the 100 through 400 Blocks of Main Street on Tuesday and Thursday of each week between 9:00 a.m. and 2:00 p.m.;
4. No parking along the south-bound lanes of the 500 through 700 Blocks of Main Street, 200

Block of Boulder Street and the 200 through 500 Blocks of Pine Street on Tuesday and Thursday each week between the hours of 9:00 a.m. and 4:00 p.m.;

5. No parking restrictions are in effect on Friday, Saturday and Sunday; and,
6. Parking restrictions are in effect for Meek Avenue.

The parking plan also addresses year round, time-limited parking. Parking will be limited to two hours in front of:

- Businesses located on the south-bound side of the 100 Block of Main Street;
- Businesses located on the south-bound side of the 300 Block of Main Street; and,
- North-bound side of the 400 Block of Main Street in front of St. Patrick's Church.
