9.1 25 Harrison Avenue – Meyer’s Barn

INTRODUCTION:

At the February 21, 2023 meeting the Historic Preservation Commission (“HPC”) asked for a discussion on the Meyers Barn at 25 Harrison Avenue. That request from HPC Member Kelly Toon is below. The town has received permission from the property owner Loren Bendele to have this discussion at a public meeting.

REQUEST:

“I would like to add to the HPC meeting on March 21, 2023 a discussion about the Myers barn at 25 Harrison St. Minturn Colorado the current owner is Lauren Bendele and he is in a text giving me permission to speak for him and discussing the Myers horse barn, the building being donated to the town and hopefully move to little beach park to be used however, the town sees fit whether it be a concession stand, history, Museum, or storage maybe all the above. I’ve also talked with Geri Myers the previous owner. She believes the barn was there when their family bought the house in 1893 and was used as a horse barn. Jerry is trying to get me some information in Photos about it but it’s taking times because they’re very old Ralph Myers was three years old when moved to that property and he’s now 88 he remembers it being used and riding horses in and out of that barn.” - Email from Kelly Toon dated 3/16/2023

ANALYSIS:

According to the Eagle County Assessor’s Site there is no build date given for the barn as the Assessor does not show it as a structure within its summary. Should any designation for this structure take place, alternative methods of determining the age will need to be used. Another consideration is, even with the willingness of the owner to “donate” this structure to the Town, the soundness of the structure needs to be determined to ensure that it would survive any potential move to a different location.

Typically, for this form of conversation to take place, the property owner would have submitted an application for demolition or relocation. Neither of those actions have taken place to date. Additionally, from the email dated 3/16/2022 and submitted by Kelly Toon, the implication is that the town will assume the costs of relocating the aforementioned

structure. This would be setting precedent and the town council would need to approve of such a request given something else would need to be eliminated from the general fund budget to cover this cost.

Finally, staff will seek direction from the HPC regarding future discussion requests and processes that should be followed.

Kelly T. said that the previous owners had been there about 80 years. This barn was a horse barn. It is 17x27', the only thing updated is a new roof. The current property owner would like to do a garage addition to his house and relocate the barn. The barn would be a multifunctional building and could possibly go to Little Beach Park for concessions or storage. Kelly T. proposed that the property owner donate it to the Town. Will likely need to be dismantled piece by piece and reassembled on a foundation. The property owner is willing to donate a couple thousand dollars as well. The property owner is hesitant to designate the building as historic, and would probably need a variance to accomplish what he wants with his property.

Tracy A. would like to clarify what the age of the barn is.

- Kelly T. said that it has been there since at least 1940s.
- Tracy A. asked what the property owner's timeline is.
- Kelly T. said that the property owner isn't in a big rush, but since it is a haven for racoons, he would like to have something happen with it.
- Larry S. said that finding out if there is an imminent date that would be helpful.
- Tracy A. asked what the cost differential is between demolishing the building vs. moving it.
- Kelly T. said it is cheaper to demolish.
- Tracy A. asked where at Little Beach this would best fit.
- Kelly T. said at the Upper Little Beach where it is flat would be best. Moving it piece by piece would be easiest rather than moving it whole.
- Discussion ensued.

Kenneth H. is in full support of getting this to Council and seeing what their feelings are about preserving this structure. This is a way to showcase Historical Preservation. Community outreach can be a big cornerstone of this.

Ken H. asked if it would be possible to meet with the Town Manager, Kelly T., and Woody Woodruff about how to possibly get around the demo>nomination>designation process.

- Michelle M. asked if they were trying to bypass the public process identified.
- Ken H. said that was not his intent.
- Michelle M. said that it would be beneficial to have the property owner involved. It is important to recognize that the community could determine that the building is best where it is. Any costs incurred should be born by the property owner, and not the public.

Kelly T. asked if it would be easier to do something with this building if it was designated.

Larry S. said that if it does come before them then they can discuss options and recommend it to the Town Council. More discussion needs to happen, and this could be a rallying point.

Kelly T. said that in its current location, most people don't see the building or know it exists and the public can't use it, but if it was out in the public space then the whole Town could use it.

Larry S. asked Ken H. to put together a preliminary report on what the options are.

Ken H. said that he would work with getting money through the Minturn Community Fund.

Tracy A. asked if the barn would work as a concession stand and whether there would be a lot of modifications.

- Ken H. said that it would and there wouldn't need to be a lot of modifications. There are other things to consider such as no water over there.
- Tracy A. said that this should not be a burden on the public to bear the cost of this.
- Larry S. said that a big question is how Council feels about this.

Larry S. said that we need to let the property owner know about the parameters about demo permits and that the property owner needs to be involved in these discussions.

Ken H. asked until the next meeting

Lynn Teach, 253 Pine Street.

Asked if there were grants available to help with this.

Kelly T. said that he isn't sure where the plans are for the building

Michelle M. said that there currently isn't funding allocated, but there could be funding in the Little Beach Escrow, but would need direction from Council

9.2 Historic Preservation Impacts

INTRODUCTION:

On March 5, 2023 Historic Preservation Commission ("HPC") Vice Chair Larry Stone requested that a discussion be had at the March 21, 2023 meeting regarding economic growth and stability. That request from HPC Vice Chair Larry Stone is below.

REQUEST:

"I want to address our board at the next meeting.
Perhaps under HPC Members to address the committee.

I may need a reminder.

To the question;

"How could the HPC disrupt economic growth and stability for a "viable" future?"

An answer;

In a real-life situation. A local business owner expressed to me that she wants to grow her business here in town. She explained that she needs to expand or move. There is a property that could work for her. But, she is "afraid" to put an offer in to buy the available commercial property because of the potential of the "historic" structure stopping her from altering it or making it bigger so that she can fulfill her business dreams. "What is allowed? ...what can I do with it?" and "What can I not do with the property?", she asked in an exhaustive and fearful way. She went on, "...there is no way of knowing!", she exclaimed, then she states, "...it's expensive, and it is risky...". I sincerely felt for her. I pleaded that she pursue her dreams and have faith that the town wants to support her. She rolled her eyes.

Think about that, please. This is a local. She operates a very frequented and loved business that brings a great deal of soul and tax dollars to our town. Her concern is about how would the HPC impact a very important decision. She is afraid.

My thoughts;

There is always a consequence to action and two sides to every equation, mathematical, social, and in governance.

I believe it is imperative that we establish some sort of guidelines as soon as possible.

Our choices are already impacting our community.” - Email from Larry Stone dated 3/5/2023

ANALYSIS:

Currently we rely on the processes laid out in Chapter 19 of the Minturn Municipal Code, and the Secretary of the Interior's Standards for the Treatment of Historic Properties, including the Standards for Rehabilitation when it comes to alterations to Historic properties and what can be done to them.

Larry S. said that we need to have guidelines and viability limitations to the size of a structure.

Kenneth H. thinks we are getting a little ahead. He feels like he needs to represent the Town and the Council. Should look at Louisville and Buena Vista, and the towns that have embraced this and how the towns have uplifted themselves. This process is meant to determine...[6:17]

Ken H. said that until the HPC gets some experience and a track record, he understands the hesitance. Referencing the rehabilitation standards from the Secretary of the Interior, there is flexibility built in there.

Kelly T. said that are not trying to preserve everything, but we are a creative Town. Need

Kenneth H. said that there are some good resources from the National Parks Service.

Tracy A. said that the onus is on the buyers to do their research. The goal of historic preservation isn't necessarily to foster more business, but it isn't to inhibit either. There is a balance to walk.

Larry S. said that there are factors for viability. Need to keep the community informed about the parameters.

Kelly T. pointed out that we have very small properties here, and if there is a need for large warehouse space then go somewhere else in the valley. There are multiple examples of additions that work with the historic factor.

Kenneth H. said that the more people that are interested in bringing these structures up to viability, and people coming up with more creative solutions.

Michelle M. said that we need to rely on a certain level of personal responsibility when it comes to doing due diligence before buying a property.

Lynn Teach, 253 Pine Street

Suggested that when people talk to commissioners about questions that those people should be directed to staff.

10. STAFF REPORTS

10.1 987 Main Street

The property owner of 987 Main Street recently applied for a Design Review Board review of alterations to the exterior of the commercial building.

The structure was originally built in 1938, thus surpassing the 75 year threshold and triggering the requirement of posting a sign on the property detailing that an application for alteration has been submitted, and that the structure is eligible for nomination to be designated as a historic property.

The sign was posted on March 3, 2023 so any nomination must be applied for by March 17, 2023 at 5:00 pm otherwise it will be understood that the desire is not to designate this property or structure as historic and the property owner can commence with the regular application process for Design Board Review.

10.2 541 Main Street

The property owner of 541 Main Street recently applied for a building permit to re-roof the building.

The structure was originally built in 1938, thus surpassing the 75 year threshold and triggering the requirement of posting a sign on the property detailing that an application for alteration has been submitted, and that the structure is eligible for nomination to be designated as a historic property.

The sign was posted on March 15, 2023 so any nomination must be applied for by March 28, 2023 at 5:00 pm otherwise it will be understood that the desire is not to designate this property or structure as historic and the property owner can commence with the regular application process.

10.3 Certified Local Government

Michelle M. gave an update. We will be seeking grant funding for a research survey.

11. **HISTORIC PRESERVATION COMMISSION COMMENTS**

Larry S. would like to apologize for sending out an email to the whole of HPC.

12. **FUTURE AGENDA ITEMS**

12.1 Meyer's Barn – Next Meeting

12.2 Eagle County Historical Society - TBD

13. **ADJOURN**

Motion by Ken H., second by Kelly T., to adjourn the HPC meeting of March 21, 2023 at 6:44 pm. Motion passed 5-0.

ATTEST:

Michelle Metteer, Town Manager

To: Minturn Historic Preservation Commission
From: Madison Harris
Date: June 30, 2023
Agenda Item: Landmark Designation for 25 Harrison Ave (Meyer’s Barn)

REQUEST:

Review the landmark designation nomination of 25 Harrison Avenue (Commonly known as the Meyer’s Barn) based on the criteria outlined in the Minturn Municipal Code Sec. 19-3-20, citing findings of fact, and forwarding a recommendation of approval, approval with conditions, or denial to the Minturn Town Council.

Application: #2023L – 001
Address: 25 Harrison Avenue
Zoning: Old Town Character Area – Mixed-Use Zone
Owner: PowPowNow LLC (locally Loren Bendel)
Applicant(s): Ken Halliday
Kelly Toon
John “Woody” Woodruff

CASE SUMMARY:

A nomination has been submitted for Historic Landmark status of the Meyer’s Barn located at 25 Harrison Avenue. Staff reviewed and deemed the application complete and to meet the Minturn landmark designation criteria. As such, staff scheduled a public hearing for the Historic Preservation Commission meeting on July 6, 2023. Adjacent properties and the owner of 25 Harrison Avenue were notified via certified mail, and a notice placed in the Vail Daily 10 days before the public hearing.

DESIGNATION CRITERIA & EVALUATION; CHAPTER 19 MINTURN MUNICIPAL CODE:

To meet landmark designation criteria, in accordance with Chapter 19, Minturn Municipal Code, the application(s) must be complete, and the structure must meet the following criteria:

MMC Sec. 19-3-20. Eligibility Criteria.

- a. Properties or historic districts shall be at least seventy-five (75) years old and meet one (1) or more of the following criteria in order to be considered for designation:
 - 1) Association with events that have made a significant contribution to history
 - 2) Connection with persons significant in history
 - 3) Distinctive characteristics of a type, period, method of construction, or artisan
 - 4) Geographic importance
 - 5) Possibility to yield important information related to prehistory or history

CRITERIA EVALUATION

Town staff found that the application for designation demonstrates that the structure meets the following criteria.

A. Association with events that have made a significant contribution to history (exemplifies cultural, political, economic, or ethnic heritage of the Town)

“The Meyer’s barn is the largest remaining log barn structure in Mintun from the late 1800’s. It is an iconic element in town prominently located on Harrison Street and can be viewed from Main Street. When you study the barn up close, you can get sense of awe about of what life must have been like back then. When you look at the hand-hewn logs and notched joints, you can imagine the hard work and craftsmanship required to prepare and assemble them back in those days. You also get a sense of the importance of using locally sourced pine logs given the difficulty of transportation. Most importantly, you can see how the structures in the earliest days of the development of Mintun were a fitting reflection of the surrounding natural environment.”
(Nomination Application)

From this original period forward the Meyer’s Barn has been an unofficial landmark in Mintun. The Meyer’s Barn remains close to how it was originally was established.

B. Connection with persons significant in history

Photo Credit: Vail Daily, May 2014

The Meyer’s were an institution for Minturn with Ms. Irene Meyer owning Grammy’s Attic and Mr. Ralph Meyer running Grandpa’s Garage starting in 1937. According to Mr. Meyer’s grandson Wayne Trujillo “Both Lionshead and grandpa were Minturn royalty, albeit different sorts of monarchs. Lionshead held the town’s scepter loftily and aloofly from on high while grandpa extended a helping hand, credit, a shot of whiskey and the benefit of a doubt from below, ruling as town Samaritan...Mr. Ralph Meyer was the nephew of former Eagle Mayor Gus Meyer and Oscar Meyer, the slain sheriff...” (Vail Daily, May 27, 2014)

C. Distinctive characteristics of a type, period, method of construction or artisan (exemplifies specific elements of an architectural style or period; demonstrates superior craftsmanship or high artistic value; represents a style that is particular to the Town; and, represents a built environment of a group of people in an era of history)

The Meyer's Barn reflects the traditional log cabin style of architecture that were constructed in North America between the 1600s and the early 1900s as a method brought over from Europe. (Pollio) A more modern version can still be constructed today, and often is in the Western United States. The preface of this architecture was to make simple structures out of materials that were readily available.

Photo Credit: Nomination Application

Log structures, both historic and not, can be seen all over the state of Colorado, and indeed, in many states.

D. Geographic Importance (enhances the sense of identity of the Town or community; is an established and familiar natural setting or visual feature of the Town or community)

“The Meyer’s barn is the largest remaining log barn structure in Minturn from the late 1800’s. It is an iconic element in town prominently located on Harrison Street and can be viewed from Main Street. When you study the barn up close, you can get sense of awe about of what life must have been like back then. When you look at the hand-hewn logs and notched joints, you can imagine the hard work and craftsmanship required to prepare and assemble them back in those days. You also get a sense of the importance of using locally sourced pine logs given the difficulty of transportation. Most importantly, you can see how the structures in the earliest days of the development of Minturn were a fitting reflection of the surrounding natural environment.”
(Nomination Application)

The Meyer’s Barn represents a bygone era of Minturn’s history where we still needed horses in Town. 25 Harrison Avenue is a lot that is adjacent to the river, but can also be viewed from Main Street as you walk by. This barn is a familiar sight to any local’s who have lived in or frequented Minturn.

E. Possibility to yield important information related to prehistory or history (embodies construction, development, or design adaptations)

This barn is representative of a common construction type as stated above. However, there were often different construction methods that varied based on ethnic groups such as the Block House End Method found in the Ohio River Valley and Southeastern Indiana. Detailing the construction type if possible, may be able to provide insight into what construction methods were used in Minturn in the 1800s.

PUBLIC REVIEW PROCESS:

Town staff has met all posting and notification requirements delineated in Chapter 19, Sec 19-4-10 identifying legal notice procedures follow established guidelines as set forth in MMC. Sec. 16-21-610.

PUBLIC COMMENTS:

As of June 30,2023, no public comments have been received regarding this application.

RECOMMENDED ACTION OR PROPOSED MOTION:

Recommend approval to the Town Council of the Historic Landmark Nomination Applications for the Meyer's Barn located at 25 Harrison Avenue.

HISTORIC LANDMARK NOMINATION

TOWN OF MINTURN PLANNING AND ZONING DEPARTMENT

P.O. Box 309/302 Pine Street Minturn, Colorado 81645-0309

970-827-5645 | planner1@minturn.org

Section 1 - Purpose:

The purpose of Historic Preservation is to enhance the Town of Minturn's local resources and to promote the public health, safety, and welfare through:

1. The protection and preservation of the Town's architecture, culture, and heritage as embodied in historic properties and historic districts, by appropriate regulations and incentives;
2. The stabilization of historic neighborhoods;
3. The establishment of the Town's Historic Register listing historic properties and historic districts;
4. The cultivation of civic pride in the art, architecture, and accomplishments of the past;
5. The encouragement of continued private ownership and utilization of such historic properties or historic districts now so owned and used;
6. The promotion of thoughtful community planning and design; and
7. The provision of educational opportunities to increase public appreciation of the Town's unique heritage.

Section 2 - Intent:

The intention of Historic Preservation is to create a reasonable balance between private property rights and the public interest in preserving the Town's unique historic character through the nomination of buildings, structures, sites, objects, and historic districts for preservation.

Narrative Description:

Please describe the current appearance of the property and any alterations that have occurred since its original construction.

The Meyer's barn was originally built for horses by the Meyer family who lived in Minturn in the early years. We believe it was constructed in the late 1800's. It is one story and measures 17 feet by 27 feet. It is constructed with hand-hewn pine logs with notched joints. All logs appear to be original to the structure. The logs show signs of weathering, especially at the ground level, but overall they are in pretty good shape in spite of their age. The barn has a dirt floor. A green metal roof was added at some point in the 1900's to protect the structure. As part of the roof replacement, some of the original roof framing under the roof was replaced.

Photographs:

Please attach current photographs of the property and, if available, copies of historic photographs. For building, structures, or objects, current photographs should show the property from all directions.

If you are not the owner of the property that is being nominated, have you discussed this application with the owner(s)? This is encouraged, but not required. Yes No *Aware but hasn't reviewed yet.*

When you look at the hand-hewn logs and notched joints, you can imagine the hard work and craftsmanship required to prepare and assemble them back in those days. You also get a sense of the importance of using locally sourced pine logs given the difficulty of transportation. Most importantly, you can see how the structures in the earliest days of the development of Minturn were a fitting reflection of the surrounding natural environment.

Given the age of the structure, there is no detail documentation that could be located on its history.
